

**REMOVES SCUM LINES & OILS**

# Lo•Phos E<sup>+</sup>

## *Cleaner Healthier Water for the Whole Family*

Chlorine demand caused by organic contaminants such as oils, lotions, plant and animal waste can cause hazy water conditions, scum lines, increased chlorine consumption and difficulty managing water balance. Using Lo-Phos E<sup>+</sup> regularly during pool maintenance can significantly improve all these conditions, saving time and money maintaining your pool. Weekly maintenance dosing using Lo-Phos E<sup>+</sup> will provide within the first month of regular use:

- **A reduction of scum lines and the need for brushing, saving time on pool maintenance**
- **A typical reduction of sanitizer and balancing chemicals usage of 30%**
- **Lower phosphate levels**
- **Fewer algae blooms**
- **Clearer, cleaner water**
- **Improved water balance**
