

REMOVE TOUGH STAINS

COMPLETE

All-In-One Kit: Potent. Fast. Easy.

COMPLETE by Lo-Chlor® is a total stain treatment system that handles all three phases of stain removal like a pro! Pull stains from the pool surface into water with Multi-Stain Remover. Control and remove stain-causing metals from water with Metal Gone. Finish with Miraclear® Gel Tab to remove even the smallest impurities, leaving pool water sparkling and clear.

Unsightly stains can ruin the beauty of your pool. Now you can remove most common stains like iron, copper and manganese without the expense of an unnecessary renovation. Lo-Chlor® has taken its three powerful and popular products for stain removal and combined them into one money-saving package.

- Reduce chlorine levels with Chlor-Nix® to prepare for stain removal
- Lift stains with Multi-Stain Remover, triple-strength concentrate
- Works on metal and organic stains
- Keep metals away with Metal Gone
- Clarify water to a sparkle with Miraclear® Gel Tab
- Use stain kit on cement, fiberglass and vinyl liner pools
- Compatible with all pool chemicals
